Release Notes for:
AV Bridge MatrixMIX

Release Information:

6/13/2018
AV Bridge MatrixMIX 1.1.0
Notes:
- AV Bridge MatrixMIX and PCC MatrixMIX must both be updated to 1.1.0 to work properly together
- New Features
    - Added support for DocCAM 20 HDBT and RoboSHOT IW.
    - Added ability to configure IP streaming packet sizes.
    - Added thumbnail images for keying sources and controls in the web UI.
    - Added telnet commands to control input configuration.
    - Added telnet command to query streaming status.
    - Added a telnet command to allow monitoring of physical button presses for AV Bridge MatrixMIX.
    - Added ability to toggle auto mic mixer inputs by clicking on the LED icons in the web UI.
    - Added camera standby control on the AV Bridge MatrixMIX admin web UI.
    - Added advanced chroma key threshold configuration options.
    - Added ability to disable general HTTP access to the device.
    - Added ability to configure HTTPS certificates from the web UI.
    - Added ability to disable the telnet server on the device.
    - Added the ability to import configurations from previous versions of software
    - Added ability to Pan-Tilt-Reset cameras

- Improvements
    - Improved controls for static graphics positioning and assignment in the web UI.
    - Various security improvements including disabling the TLS v1.0 protocol and DES and 3DES TLS cyphers
    - Increased number of available software triggers to 50.
    - Improved serial camera preset detection.

-Known Issues
    - Video may temporarily freeze if the system is switched between dual bus and A/B mode while a static
    graphic layer is active. Turning the layer off and rebooting the AV Bridge MatrixMIX should resolve the issue.
    - Under certain conditions an uploaded static graphic image may not work properly. Deleting and reloading
    the image should fix the issue.
    - Hot plugging of inputs can occasionally cause temporary color distortion in the image.

3/13/2018
AV Bridge MatrixMIX 1.0.1
Notes:
- Added support for HID-based 3M touchscreen monitors.

8/30/2017
AV Bridge MatrixMIX 1.0.0
Notes:
-Initial Release
