

## RoboTRAK Version 1.0.1

---

### Release Notes – October 4, 2016

#### Affected firmware

Component	Version
System	1.0.1
Lanyard	1.0.0

Vaddio is pleased to introduce the RoboTRAK™ Presenter Tracking System. Designed for educators, in consultation with educators, the RoboTRAK system combines superior tracking with unparalleled ease of use.

### Special Features

- The IR source's comfortable, highly wearable design does not interfere with clothing.
- Interact with your audience as you prefer – walk, turn around, invite others to the front of the room... the camera stays on you.

### Interoperability

The RoboTRAK system can be used with any RoboSHOT™ series camera. RoboSHOT 20 UHD cameras must use version 1.1.0 or later firmware; all other RoboSHOT cameras must use version 2.1.0 or later firmware.

### Browser Support

We have tested this product with these web browsers:

- Chrome®
- Firefox®
- Microsoft® Internet Explorer®
- Safari®
- Microsoft® Edge

We test using the browser version available from the vendor at that time. Older versions of these browsers are likely to work, and other browsers may also work.

RoboTRAK™ and RoboSHOT™ are trademarks of Vaddio. All other trademarks in this document are the property of their respective owners.
